Stachybotrys	3	80	0	0

The above information was compiled by PRO-LAB/SSPTM Inc. from the EPA "A Brief Guide to Mold, Moisture, and Your Home" and the NYC Dept of Health "Guidelines on Assessment and Remediation of Fungi in Indoor Environments", at the request of and for the exclusive use of the client named on this report. This document is not a legal mandate and should be used for informational purposes only. Currently there are no Federal regulations for evaluating potential health effects of fungal contamination and remediation. This information is subject to change as more information regarding fungal contaminants becomes available. For more information: visit <http://www.epa.gov/iaq/molds/index.html> or [www.nyc.gov/html/doh/html/eh/ehimold.html](http://www.nyc.gov/html/doh/html/eh/ehimold.html). This document was designed to follow currently known industry guidelines for the interpretation of microbial sampling, analysis, and remediation. Since interpretation of mold analysis reports is a scientific work in progress, it may as such be changed at any time without notice. The client is solely responsible for the use and interpretation of these recommended action guidelines. PRO-LAB/SSPTM Inc. makes no express or implied warranties as to such use or interpretation. PRO-LAB/SSPTM Inc. is not able to make and does not make a determination as to the environmental soundness, safety or health of a property from only the samples sent to their laboratory for analysis. The Client is hereby notified that due to the subjective nature of fungal analysis and the mold growth process, laboratory samples can and do change over time relative to the originally sampled material. PRO-LAB/SSPTM Inc. reserves the right to properly dispose of all samples after the testing of such samples are sufficiently completed or after a 7 day period, whichever period is greater. PRO-LAB/SSPTM, Inc. participates in the AIHA EMPAT program. Lab ID #163230
